Public comments-none

Chief's Report:

Equipment: Pump Testing completed all vehicles passed. New boat has a delivery date of August 12, 2020. Parts for SCBA's 4.5 are being phased out. We will have to purchase new SCBA's soon. Fire board supported Chief's request for a LUCAS chest compression system.

Department Complement: 20 people, two new volunteers added. Jack Jardot to retire on September 11, 2020.

Training: Vehicle extrication just completed. Scheduling for new Zodiac.

Fire Millage Renewal: Passed by highest percentage ever.

Scott communicated with Chief's Herig and McNutt with no issues reported and they were invited to extrication training, no participants.

Due to COVID there will be no Fire Prevention Open House this year.

Public comments- none

Supervisor's Report: No success with City or ER Township on ambulance issues. Meeting are "hi-jacked" and lose focus when they turn into "fire department consolidation" rhetoric.
