### Chief's Report

Equipment: 1312 needs a pump heater; estimated cost \$3000.00. Board supported the purchase of the pump heater. 1312 needs new rear tires. SCBA and ventilation system will need to be set up for soft start as current generator can't handle the load.

Department Complement: 20. It was announced that Captain Mark Crippen is retiring.

Training: Training has been moved to the second Wednesday of each month, trying to set up an MFR class to be taught at Hamlin. We still offer "CE" credit for on line training.

We had a discussion on ways to increase participation. (pay, recognition of level of training, department pictures, etc.)

The proposed 2019-2020 Budget was reviewed and approved. It will be forwarded to township for approval.

Scott was commended for doing a good financial job with the fire department's budget.
